

PLEASE don't change the KLOVE radio translator stations! We have supported KLOVE financially over 10yrs now b/c of its positive, family music, news & teaching segm'ts on marriage & parenting issues. Our kids love it and it's good FOR them--unlike the anti-parent, pro-drug, sex & gang music of most stations. KLOVE also has counsellors and teams of pastors that pray for listeners, plus they support local rescue missions and the like. They DO SO much good! I can't imagine them losing stations! It would be a loss of a life line to many, many people, Christians and non-Christians alike.
